

# Product Info: COGLA

FOBA's new metal sheets COGLA complete its COMBITUBE\* System's range of products of multifaceted mounting arms, clamps and fitting devices. They turn out to be essential and most useful aids for most photographic extreme close-ups.

## COGLA: Set of 3 metal sheets in various sizes

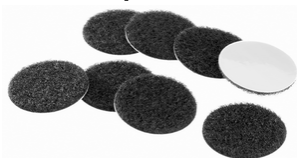

The metal sheets can be used directly as brighteners or reflectors. Furthermore, they may also be covered with any textiles and other materials or be painted with an adequate colour; angles rounded.

Small metal sheet:	7 cm x 7 cm	Thickness:	0.5 mm
Medium metal sheet:	12 cm x 15 cm	Weight of all	
Big metal sheet:	15 cm x 20 cm	3 sheets together:	70 g

## Adequate accessories

**COFLE:**  
self-adhesive pile  
pads

**COFLA:**  
plate with velcro and  
threaded 3/8"

**COKLE:**  
clamp tapped 3/8"

## Fittings

Only a few examples of how the metal sheets can be applied in day-to-day work are shown here. Obviously, many other alternatives are possible.

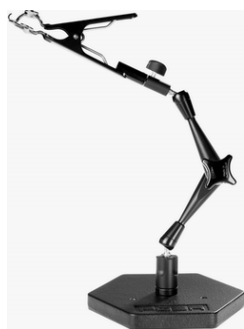

Swivelling clamp CEKLU with COFLA, COFLE and COGLA

Hinged connector clamp COTRI with gradual locking arm CIBAO along with COFLA, COFLE and COGLA

Small baseplate CEBRO with gradual locking arm CIBAO along with COFLA, COFLE and COGLA

Articulated arm, kit CIBAU. The clamp CIBAK can hold COGLA.

Holder-kit COMEN. COGLA can be attached with a pile pad COFLE.

Articulated arm COKLI. The clamp can hold COGLA.
