  - Horizontal and vertical traverse scale
  - 2 camera mountings 3/8"
  - At the crosspiece 2 holders for trays
  - Rigid steel column
  - Cast-iron base with double pedal and shock absorber for a gentle lowering of the stand.

### DSS-GAMMA

.....  
Innovative design with clear-cut lines.  
Lightweight but as firm as a rock.

#### ...practical

.....  
Stand tray ARTEU is a laptop holder.  
ARTEU is easy to fit and swivels for  
reachability at all times.

#### ...precise

.....  
The crosspiece rotates and is calibrated in  
degrees. With no less than 24 ball-bearings  
for effortless horizontal and vertical  
movement, optimal convenience is  
guaranteed.

#### ...secure

.....  
The specially profiled rigid steel column  
cannot twist. And the horizontal arm holds a  
camera firmly at each end.

#### ...steady

.....  
One pedal to release or lock the base  
mechanically.

The stand can be lowered onto the floor very  
gently thanks to its built-in shock absorber.

## Accessories
